

THE SABBATH CIRCLES HOME SCHOOL CURRICULUM

Unit Theme: Family Ties in the church

Today's Scripture: Job 12:7-10

Key Verse: "In God's hand is the life of every living thing and the breath of every human being." Job 12:10

Questions to go deeper:

- The Book of Job is not the first place one would think to look for wisdom about caring for Creation as we are remembering on Earth Day. If your bible has an explanation at the beginning of each book, see what it has to say about Job to see why this is. If this is missing from your bible, check out this link for more information: https://en.wikipedia.org/wiki/Book_of_Job
- Job is the one saying these words as proof of the goodness of God. What do you think the animals or the birds or the plants have to teach us? Why is it so difficult for us to learn?
- What do you think Job means when he says, "does not the ear test words?"

Activity possibilities:

- Color the coloring page for Earth Day on reverse side.
- Check online for local Earth Day events which were or are scheduled locally. Make a list! How can you participate?
- What do you know about the Pollinator Gardens project at church? If you need to, you can find out some information from the monthly newsletters posted to our website: www.uccwesterly.org
- Youth across the United Kingdom staged massive protests calling for immediate action on climate change from the government. Check out this link to see what

they did and what their concerns are. How do they line up with yours?

Check out this video clip about how some kids in Hawaii are making a real difference for the earth:
